MANUFACTURING INDABA 27 to 28 June 2017 Emperors Palace, City of Ekurhuleni All nations require and rightly aspire to efficient industrial bases to meet changing needs in a globalised world. South Africa has developed an established and diversified manufacturing base that has shown its resilience and potential to compete in the global economy. Collaboration and investments by both the public and private sectors in manufacturing is essential for regional and continental growth. The aim of the annual Manufacturing Indaba and its provincial roadshows is to bring together business owners, industry leaders, government officials, capital providers and professional experts to explore opportunities and grow their manufacturing operations. Manufacturing Indaba is the leading manufacturing event in Sub-Saharan Africa. The two-day event has shown impressive growth year on year and has proved its value in catalyzing business connections and helping manufacturers to innovate and grow their potential. [Website](#).

CAMBRIDGE SUSTAINABILITY PRACTITIONER PROGRAMME 13 to 16 August 2017, Intundla Game Lodge, Gauteng. We need to rapidly engineer a sustainable economy, one that meets human needs within natural constraints – within the carrying capacity of the one planet we all live on and depend on. We need organisations that are able to create jobs and increase access to products, services and livelihood opportunities in a resource-constrained and low-trust world. We need to develop leadership at all levels in organisation that understand what is required. This seminar is designed for managers in organisations from the private or public sector to equip them with a high-level understanding of sustainability. For more information as well as the application form, please have a look at the [website](#), or contact [Magda DeKok](#) on magda.dekok@cisl.cam.ac.uk.
