

Sustainability

Edcon as a signatory to **the UN global sustainability compact**, understands that being sustainable and responsible is critical to business success and is committed to development that meets the needs of the present without compromising the future. Edcon is cognizant of the fact that environmental trends are increasingly impacting and re-shaping the competitive space and have identified the following sustainability pillars:

Edcon Sustainability Pillars

The Edcon Stitch Sustainability Programme represents our commitment to stitching together a sustainable future for our

- **People** ▪ **Customers**
- **Environment** ▪ **Communities**

Efficient - the reduction of waste, optimization of material use and human potential.

Ethical - encouraging openness and transparency, by using our leverage (with suppliers) to promote a robust understanding of value, we are able to build trust with our stakeholders.

Agile - ensuring sustainability initiatives contribute to internal skills, systems and partnerships that drive competitiveness.
