As such, this Partners Platform meeting will focus on: An overview of UWASP's progress during the year and current transitional arrangements, an update on the current status of the uMhlathuze catchment, UWASP's envisaged plan for

2020; and opportunities for collaboration with UWASP in the year ahead. Kindly contact: Mmaphefo Thwala for further

### INTERACTIVE WORKSHOP ON THE BIOLOGICAL DIVERSITY PROTOCOL | Wednesday, 27 November 2019 |

**FutureSpace, Sandton** | Companies already use various approaches and tools to measure changes in biodiversity across their value chain, yet they lack a standardised, comparable, credible and unbiased methodology to help them consolidate and report their biodiversity impacts. The Biological Diversity Protocol (BD Protocol) is therefore being developed in close collaboration with a wide range of stakeholders and is designed as a comprehensive biological diversity accounting and reporting framework. This will help you produce the credible and unbiased information needed for various biodiversity-related applications, from management to disclosure. The BD Protocol is an output of the Biodiversity Disclosure Project (BDP), managed by the National Biodiversity and Business Network (NBBN) of South Africa and hosted by the Endangered Wildlife Trust (EWT). **RSVP here.** 

THE ETHICAL LEADERSHIP WE NEED REQUIRES THE PRIVATE SECTOR TO INTROSPECT AND ACT | Tuesday, 3 December 2019 | FutureSpace, Sandton | One of South Africa's biggest and most complex challenges is corruption. The real cost of corruption is not just financial loss and reputational damage, but also includes the loss of jobs that would have otherwise been created, the loss of tax income due to illegal cash outflows, the negative impact on socio-economic growth, the loss to citizens that are forced to pay more for goods and services; and corruption stunts competitiveness and dynamism in the country. Further details and link to RSVP, here.

INAUGURAL MEETING OF THE GAUTENG WATER ALLIANCE | Thursday, 5 December 2019 | FutureSpace,

Sandton | Join us as we work to understand the water risks facing Gauteng, what plans and initiatives are underway; and
map out the role of the private sector in the year ahead. Kindly click <a href="here">here</a> to view full details of the event.
