NBI to support the establishment of a new Independent PPP Office in the eThekweni Municipality.

President Cyril Ramaphosa has announced that the [National Business Initiative \(NBI\)](#) will support the establishment of an Independent Public-Private Partnership Office (IPPPO) within the eThekweni Municipality.

The announcement was made on Tuesday, 03 March 2026 during the **Presidential eThekweni Working Group** meeting in Durban. Support will be delivered through the [Technical Assistance, Mentorship and Development \(TAMDEV\)](#), the NBI's technical advisory unit which will support the design and establishment of the office - strengthening the city's ability to structure credible, investment-ready and impactful partnerships and collaborations with the private sector.

This Initiative forms part of the second phase of the Presidential eThekweni Working Group, which focuses on accelerating economic growth, improving service delivery and restoring investor confidence in the metro.

For the NBI, this marks an important step in a growing role in supporting implementation partnerships between business and government, helping translate reform commitments into collaborative projects.
